

Be it Enacted by the People of the State of New Hampshire

In the constitution of the state of New Hampshire, **add** article 40 to Part First as follows:

Article 40. Right of Local Community Self-Government

All government of right originates from the people, is founded in their consent, and instituted for the general good; the people have the right and the duty to reform governments when those governments manifestly endanger public liberty; and sustainable environmental and economic development can be achieved only when the people affected by governing decisions are the ones who make them; therefore, the people of New Hampshire have an inherent and inalienable right of local, community self-government in each county, municipality, city and town. That right shall include the power of the people, and of their governments, to enact local laws that protect health, safety, and welfare by recognizing or establishing rights of natural persons, their local communities, and nature; and by securing those rights using prohibitions and other means deemed necessary by the community, including measures to establish, define, alter, or eliminate competing rights, powers, privileges, immunities, or duties of corporations and other business entities operating, or seeking to operate, in the community. Local laws adopted pursuant to this article shall not be subject to preemption or nullification by international law, federal law, or state law if such local laws do not restrict fundamental rights of natural persons, their local communities, or nature secured by local, state, or federal constitutions, or by international law; and if such local laws do not weaken protections for natural persons, their local communities, or nature provided by state, federal, or international law.
